

CarbWorks Packing Slip for the '98 - '04 Suzuki VL1500 Intruder

Thank you for your interest in CarbWorks by GMan Industries, Ltd.

We will make every effort to make your carb experience with us a good one!

Directions for removal and reinstallation of your carbs are on our website at:

<http://gmanindustries.com/images/PerformanceProducts/CarbRejettingProcedure.pdf>

After removing your carbs hold them upside down to drain all the excess fuel out through the vent hose. Dry them as much as possible then place in a zip-lock bag. Wrap the sealed carbs with bubble wrap and/or wadded newspaper protecting them thoroughly leaving no room for movement during shipment. BE CAREFUL TO NOT BEND THE IDLE SPEED ADJUSTER.

Include a copy of the following information with your carbs to insure our accuracy:

Your Name: _____

Return Address: _____

City, State, Zip _____, _____, _____
